Claus Muss has completed his doctorates in Medical School Munich and Veterinary School Berlin and his PhD in Public Health Science at St Elizabeth University Bratislava (SK) where after habitation he was appointed as Associate Professor. Besides his clinical activities in Germany, Austria and Switzerland, he is head of the world wide networking International Research group of applied Preventive Medicine, Co-author of 7 scientific journals and over 87 own publications.

Prof Dr Vladimir Krcmery

Prof MUDr Vladimir Krcmery DrSc, FRSP, FACP, Drhc Graduated medical school at Comenius Univ, continued his postdoc fellowship at prof Adams lab in LMU Munich, Cornell at Prof Armstrong and Harvard at Prof Moellering. He became associate professor in medicine and later specialized in Oncology, Pharmacology and at 1993 in Vienna at Prof Granninger in Trop Infect Dis. Became a dean in Trnavaa 1994, emeritus rector at St Elizabeth Univ in 2004 in Bratislava. Invited lectures in Boston, Miami, Denver, London, Geneva, Brussels, Yokohama, Kuala Lumpur, Singapore. Emeritus, Hon Treasurer of the Int soc chemotherapy, SAAARMM Award of Excellence Kuala Lumpur 2015, Hon Member of Society for Anti-Aging, Aesthetic and Regenerative Medicine Malaysia (SAAARMM), 2014, Hon Member of Slovak Society of Medicine, Hon Member of European soc of chemotherapy Munich 2000, Council Member of Int soc infect Dis Boston, Executive Committee member, ISC London, UK, Editor in chief Acta Chemoth, Associate Editor NEL Stockholm, Chemoth Basel, Honorary degrees in letters/hon Dr) Budweis 1999, Varna 2000, Scranton PA 2006, Warsaw 2014, Cambridge 2015.

Prof Dr Karl J Neeser

Karl J Neeser, PhD, born 1947, is one of Switzerland's leading Anti-Aging Research Scientists and author of several anti-aging books. He is a worldwide appreciated Health Consultant, Key Speaker, Board Member and Senior Lecturer at the American Academy of Anti-Aging Medicine A4M, and lives in Switzerland and Bangkok/Thailand where he is currently a Professor at Chulalongkorn University College of Public Health Science. One of his special fields is "The Exercise-Health Connection". Furthermore, he works with scientists from Canada in the field of Molecular Resonance Effect Technology and its Influence on Human Physiology.

Prof Dr Tilman Fritsch

Prof. Dr. med. dent. Tilman Fritsch studied dentistry in Germany and Finland and founded his first dental practice in Bayerisch Gmain in 1997 with a focus on metal-free and low-toxin treatment. This was followed by further practices specializing in endodontics, implantology and CMD (temporomandibular joint disease) throughout Europe. He was president of IGMZI (International Society for Metal-Free Dentistry and Implantology) and invented the first metal-free hybrid implant. He also developed various detoxification media and cosmetic products. Training outside of dentistry, such as hypnosis, mitochondrial therapy or environmental medicine, has led to research into the treatment of civilization and humanity at several universities.

Ms Heather Bird Tchenguiz

Owner of HB Health
Medical Clinic of Medical Doctors
Nurses and Aestheticians
12 Beauchamp Place
Knightsbridge London England

Dr Thomas Rau

Dr Thomas Rau studied medicine in Bern and graduated the state medical exam. Later he passed the American state examination and earned his doctorate in the field of Rheumatology. Medical studies took him to Spain, France, USA and Germany. Dr. Rau worked as a hospital physician in internal medicine, intensive care, general surgery, rheumatology and pediatrics. From 1981 to 1992 he worked in a general practice in the countryside and incidentally in a drug rehabilitation center. In 1992, Dr Rau became medical director and partner of the Paracelsus-Klinik Lustmühle in Teufen. From numerous building blocks of alternative medicine Dr. Rau put together his treatment concepts which include fresh cell therapy, homeopathy and complex homeopathy, neural therapy, nutritional counselling, isopathy and immunobiology, meridian therapies, dark field microscopy , thermoregulatory diagnostics and bioenergetic information therapy therapy . He has defined a modality he calls Swiss Biological Medicine and views illness as a "blockage of regulatory capacity" and its cure as the "restoration of regulatory capacity" using a "3-Pillar Concept". In 2018 Dr Rau opened a new teaching and treatment demonstration clinic at Teufen, the Swiss Biological Medicine Center. He also leads the Swiss Biological Medicine Academy, a professional training organization, where special certification programs for Biological Medicine are offered. Dr. Rau wants to spread the information about Biological Medicine and his mission is to build up an international network with qualified members of Biological Medicine. He is married to Elisabeth Rau and has four children

Dr Vladimir Chernykh

Cell Therapist, Aesthetic Doctor Medical Doctor (Consultant)

Dr Chernykh Vladimir is a Medical Advisor, Clinician and Speaker specializing in dermatology, stem cell research and regenerative therapies for the aesthetics

Dr V Chernykh completed specialization in dermatology and subspecialized in Aesthetic Dermatology. He discovered his strong inclination and passion towards anti - aging medicine and started to participate in professional trainings and master – classes in aesthetics.

As a professional in the anti - aging industry today, he has been actively travelling around the world being involved in various international seminars, conferences, workshops and meetings to further enhance his knowledge and expertise in the anti - aging industry.

With his vast experience in this industry he was a speaker and trainer for international aesthetic industry companies in dermatology, mesotherapy and lasers in aesthetics.

In 2017 Dr V Chernykh received an offer to work in Asia. Nowadays Dr. V. Chernykh lectures widely, and has spoken in numerous anti-ageing conferences worldwide, as well as published in international academic journals.

Dr Mikhail Teppone

Dr Mikhail Teppone, a medical doctor with over 35 years of medical experience gained primarily in Russia and then in Canada.

Dr Mikhail coordinated researches and clinical trials in the field of therapeutic application of electromagnetic waves of millimeter band. Based on that study a new therapeutic modality (EHF-Puncture) that united modern technology and ancient theory of TCM had been designed.

As a medical co-author Dr. Teppone coordinated development of diagnostic and therapeutic equipment designed for Holistic Medicine. Since 2012 Dr. Mikhail Teppone carried out research and development in the field of Cellular therapy, Anti-Aging and Rejuvenation programs.

Professional Education included General Medicine (1975-1982), and Neurology (2003). Postgraduate professional training included Acupuncture, Electrotherapy, Lazer Medicine, Extremely High Frequency (EHF) Therapy, etc.

Dr Mikhail Teppone participated at the Conferences and Congresses as a Speaker or an Exhibitor in Europe, USA, Canada, Middle East, and Asia-Pacific region.

Dr A Sreekumar MBBS; DLO; FACNEM; FINEM; FSAARMM

Chairman, Wellness Solutions, India

President, Indian Nutritional Medical Association

Founder, Soukhya Training & Research Institute, India

Director, Nutrigenomics, India

Dr Lenny Da Costa MBBS, DGM, FCMT (USA), MCCP, MSASMS, FINEM

Dr Lenny Da Costa is a Consultant Geriatrician, Preventive Cardiologist and an Anti-Aging specialist. He is the founder of Rejuven8 Clinics – a chain of clinics in Mumbai and Goa India. He also heads two of the organizations' on the forefront of promoting functional medicine in India – Society for Regenerative Aesthetic and Anti-Aging medicine India – SRAAMI and Indian Society for the Study of Metal Toxicology and Chelation Therapy

Dr Sunita Banerji

Dr Sunita Banerji received her MBBS degree from The Armed Forces Medical College, Pune, one of India's leading Medical Institutes and received her credentials in Obstetrics and Gynaecology in 1982.

Emerging from her studies, Dr Sunita started a successful Family Medicine practice in Mumbai in 1989. About 15 years ago, Dr Sunita received extensive training in Aesthetics in London. He is an ardent diver and is passionate about music and automobiles, not necessarily in that order!

Dr Surendran Thuraisingham

Consultant Cardiologist

Sunway Medical Centre

Petaling Jaya, Selangor

Malaysia

Dr Somasundaram Sathappan

Dr Somasundaram Sathappan is a Plastic and Reconstructive Surgeon and heads the Soma Plastic Surgery (Clinical Aesthetics) Clinic in Subang Jaya, Malaysia. Dr. Soma received his medical degree from the University of Malaya in Kuala Lumpur in 1989 and was posted to Sarawak in Malaysia Borneo for a year and half before returning to Kuala Lumpur and joining the National University of Malaysia as a trainee lecturer in the Department of Surgery. Dr. Soma completed his Fellowship of the Royal College of Surgeons in Edinburg, Scotland in 1994 and returned to the National University of Malaysia for a Masters Degree in Surgery in 1996, followed by additional plastic surgery training at the Welsh Centre for Burns and Plastic Surgery in Swansea, Wales which he completed in 2001.

A special interest in treating burns, scars and keloids led Dr. Soma to help establish the Advanced Burns Centre at the National University of Malaysia. He is also a member of the Asian Scar Advisory Board, with the aim of advancing the science of scar and keloid treatment. Drawing earlier experience as a lecturer, Dr. Soma guides third and final year medical students at the National University of Malaysia and the post-graduates in the Masters in Surgery program in clinical bedside courses. Dr. Soma also teaches courses for student nurses at the University of Malaysia's teaching hospital and lends his expertise internationally as a tutor in the Royal College of Surgeons of Edinburgh's Basic Surgical Skills course.

Dr. Soma has lectured at many local and international meetings, specially on scars and scar treatment and stem cell facial rejuvenation using platelet rich plasma. Dr. Soma keeps a foot in the research community and actively participates in clinical study and experiments. Dr. Soma believes that plastic surgery should reach the common man and as such he has made numerous surgical expeditions to war torn areas to render reconstructive expertise.

Dr Alice Goh Siew Ching

Dr. Alice Goh is an Oculoplastic Surgeon with a particular interest in minimally invasive cosmetic eyelid and facial procedures. She obtained her ophthalmic qualification of Master of Surgery at the University of Malaysia (UKM) and was subsequently awarded Malaysian Certificate of Completion in Fellowship Training (CCFT) in Oculoplastic Surgery. Dr. Alice Goh underwent further oculoplastic fellowships in multiple prestigious institutions including LV Prasad Eye Institute (Hyderabad, India), Samsung Medical Center (Seoul, South Korea) and Jules Stein Institute at UCLA (Los Angeles, USA). Following completion of training, her skills were further consolidated by her experience in prominent private practices in Hollywood and Beverly Hills in the USA. She is also a recipient of several scholarships awarded by Malaysian Ministry of Health (MOH), the International Council of Ophthalmology (ICO) and UCLA. Upon return to Malaysia from the USA in 2014, Dr. Goh joined International Specialist Eye Center (ISEC) at Midvalley City, Kuala Lumpur. There, she spearheaded and established the aesthetic division at ISEC. As the sole aesthetic eye surgeon, she also rendered her services at ISEC Penang and South Specialist Eye Center in Malacca which are subsidiaries of ISEC Healthcare. She has published extensively in aesthetic and oculoplastic peer reviewed journals and presented at various international meetings. She is the founding chairman of Malaysian Oculoplastic Interest Group (OIG) established in November 2017 under the umbrella of Malaysian Society of Ophthalmology (MSO).

Dr Bob Klajo Anak Edmund John

Aesthetic Physician
Clique Clinic
Petaling Jaya, Selangor
Malaysia

Dr Christie Moey

Dr Christie obtained her M.D qualification from Nizhny Novgorod State Medical Academy, Russia. She furthered her interest in Aesthetics, obtaining her Certificate of AAAM and Malaysia Aesthetic Certificate. Prior joining Clique® Clinic, Dr Christie garnered four years of working experience at a renowned Aesthetic Clinic Chain in Klang Valley, Malaysia.

She is a certified holder of the Letter of Credentialling and Privileges conferred by the Ministry of Health Malaysia.

Dr Christie is also very involved in training doctors locally and regionally in the aesthetic field. She runs Clique Academy together with her colleagues to pass down the knowledge and passion of Aesthetic Medicine to local as well as international aesthetic practitioners.

Dr Christie has been actively involved in academic research on Asian facial and body aesthetic, pigmentary disorders and laser medicine. Her areas of interest include laser medicine, energy-based devices, body aesthetics and injectology.

Mr GK Ganesan

Messrs. GK Ganesan
Advocates & Solicitors
Kuala Lumpur, Malaysia

Mr Jagdev Singh

Kuala Lumpur, Malaysia

Dr Jasmine Ruth

Aesthetic Physician
Nexus Clinic Kuala Lumpur (Skin & Hair Aesthetic Clinic)

A well respected and leading Aesthetic Physician in Kuala Lumpur, Dr Jasmine Ruth, is sought out by patients throughout Malaysia and around the world,. Dr. Jasmine has published many medical articles whilst in the Malaysian government Hospital and is often a guest speaker at medical conferences. She has been practising her craft for over 9 years.

Employing the unique sense of aesthetics in refining facial features and preserving the natural beauty has earned her notable respect among her colleagues. Over the years she has developed a worldwide client base among entertainers, royalties, models and people alike.

Dr. Jasmine graduated from Manipal Academy of Higher Education with a Bachelor of Medicine and Bachelor of Surgery Degree. She then went on to pursue a Diploma in Aesthetic Medicine from the American Academy of Aesthetic Medicine (AAAM) and is currently undergoing Certification in Advanced Hormone Therapy (Belgium). Dr Kee Yong Seng

Dr Kee Yong Seng is co-founder cum Medical Director of Premier Clinics with 5 branches in Kuala Lumpur. His area of expertise expands over a vast faculty. Besides that, Dr Kee is using Ultherapy since 2009 and also the official trainer of Ultherapy. Starting his journey, Dr Kee is a graduate from University Sains Malaysia (USM) with a degree in Medicine in 2002. He then continued his study in Diploma in Aesthetic Medicine in the American Academy of Aesthetic Medicine (AAAM) in year 2000. Dr Kee also earned a Diploma in Primary Care Dermatology, from the Institute of Dermatology, Bangkok. Driven by his passion in aesthetic practices, he pursued a Certificate Dermatology in Primary Care, from the Academy of Family Physicians of Malaysia. He is a credentialed LCP (Letter of Credentialing & Privileging) Medical Aesthetic Practitioner since 2013, from Ministry of Health (MOH). With more than 16 years of medical background and 12 years' experience of aesthetic under his belt, Dr Kee is a force to be reckoned with in the industry.

Dr Kong Chee Kwan

Dr Kong Chee Kwan has double qualifications as a general and plastic surgeon. He started his career in general surgery since 2004. He served as a general surgeon at the country Ministry of Health Hospitals before underwent sub-specialist training and board certified as a plastic and reconstructive surgeon. Consequently, University Malaya appointed him as a Senior Lecturer and Clinical Specialist in the Department of Surgery. Dr. Kong has trained many general surgeons as well as plastic surgeons in the country. He has published numerous papers in reputed journals and has been serving as an editorial board member of Malaysia Medical Journal.

Dr Kumaran Devindran Pillay

Dr Kumaran Devindran Pillay is a Chiropractic Sports Physician, from Durban, South Africa. He is currently working as a Senior Lecturer for the International Medical University (IMU) in Bukit Jalil. Dr Pillay has worked in 3 different continents, and in 4 different countries, namely South Africa, England, The Netherlands and Malaysia since 2005. He has a Master's in Chiropractic (Durban University of Technology), a Post Graduate Diploma in Sports and Exercise Medicine (University of South Wales) and a Diploma in Football Medicine (FIFA). His special interests are the Management of Neuro-musculo-skeletal Conditions, Sports Medicine, Exercise and Strength Training, Diet and Weight Management and Scoliosis.

Dr Lashela Dharmadass

TMC Medi Clinic
Kuala Lumpur, Malaysia

Dr Lawrence Chan Hon Wah

Consultant Cardiologist
Sime Darby Medical Centre
Petaling Jaya, Selangor, Malaysia

Dr Lim Ing Kien

M.D (Kursk)
Diploma in Dermatology (Asia)
AAAM (USA)
Certificate in Anti-Aging (ECARE, Swiss)
ISHRS (Hair Transplant Specialist)

Graduating cum laude in 2007 from Kursk State Medical University in Russia, Dr Lim represents a new generation of growing aesthetic physicians in Malaysia. Dr Lim obtained his Diploma in Dermatology from Bangkok in 2013 and his Certificate in Anti-Aging from the European Centre of Aging Research & Education in 2014. He obtained his membership from the ISHRS in 2015.

Dr Lim is a committee member of the Malaysian Society of Aesthetic Medicine for the term 2018/2019.

Dr Lim is on the Scientific Board for the International Cosmetic Congress.

Dr Lim has been heavily featured in cosmetic and plastic surgery magazines in Malaysia and has given health and aesthetic talks in Malaysia, Indonesia, Singapore, China, Dubai and Egypt. He is a Lifetime member of SAAARM (Society for Anti-Aging, Aesthetic & Regenerative Medicine Malaysia), a member of the Malaysian Society Of Aesthetic Medicine and an outspoken motivational speaker.

Dr Hannah Lo

Dr Lo obtained her MBChB from the University of Birmingham UK. Upon graduation, she proceeded with her internship and completed two years of core medical training with the National Health Service UK. This work experience in the UK moulded Dr Lo to adopt a very professional patient centred approach, as can be seen in her interactions with her clients.

Upon returning to Malaysia, she worked in the Dermatology Department of Hospital Kuala Lumpur for 2 years. It is during this time that Dr Lo developed her interest in treating various skin conditions and concerns. She was particularly keen on treating the ageing signs of skin, and discovered that the best way to achieve this was with the treatments available through Aesthetics Medicine.

With that in mind, Dr Lo pursued her interest in Aesthetics by obtaining Certificate of American Academy of Aesthetic Medicine (AAAM) and Malaysia Aesthetic Certificate (MAC) respectively.

Dr Lo later joined Clique Clinic as an Aesthetic trainee physician. She has participated in various clinical studies including "Combining Radiofrequency microneedling and PDRN skin booster in the treatment of Acne scars". She strongly believes that a good physician should be proactive in academic and clinical skills.

Ms Mary Easaw

Senior Manager, (Chief Dietitian)
Dietetics & Food Services
National Heart Institute
Kuala Lumpur, Malaysia

Dr Ong Wee Kiat

RPh MMPS PhD
R&D Manager, Amber Compounding Pharmacy

Dr Ong is passionate about health education, in particular the integration of science and practice in evidence-based pharmaceutical care. He graduated from the University of Strathclyde, UK with a PhD in pharmacology and was a senior research fellow studying stem cell biology and therapy at the A*STAR, Singapore. Dr Ong is also a registered pharmacist in Malaysia and a lecturer at the University of Reading Malaysia. He has been part of the Amber Compounding Pharmacy R&D team since July 2018.

Dr Patricia Pan

PhD in Biotechnology, University Malaysia Sabah
Master of Biotechnology, University of Malaya
Bachelor in Biomedicine, Management Science University (MSU), 2002

Dr Patricia Pan is a researcher in clinical microbiology, environmental microbiology, animal cell culture, and medical biotechnology, with specialty in gene expression profiling and immunology. She is an ardent advocate of safe and best practices in the application of biological properties in consumer products, and now trains medical professionals on safety and product usage in the field of regenerative medicine.

Dr Peter Ch'ng

Dr Peter Ch'ng Wee Beng is an esteemed dermatologist (skin specialist) and internal medicine specialist who always put his patients' safety and wellbeing as his top priority. More than just treating a condition, Dr Peter empathizes with his patients and always adjusts his treatments to provide the best solution from the patient's condition.

Dr Peter is a consultant dermatologist at Gleneagles Hospital and Desa Park City in Kuala Lumpur.

Ms Ratnawati Osman LLB (Shariah)

Vice President

Medical Practitioners Indemnity

Ratna graduated from the International Islamic University with a degree in Law & Shariah. She started her insurance broking career at Willis in 2003 and proceeded to join Jardine Lloyd Thompson Sdn Bhd (JLT) in 2005. She was responsible for managing the account of the Malaysian Bar under the Professional Indemnity Insurance Mandatory Scheme

She was committed in establishing the client relationship with the Bar Council and co-ordination of insurance placement (local and abroad), participation in negotiating renewal terms and management of the claims records, human resources and compliance duties associated with the account. She delivered talks for Law Chambering students on Risk Management linked with the Scheme under the Malaysian Bar Ethics Lectures and was involved in organising Road Shows and Seminars for the Scheme.

Ratna left JLT from 2009 – 2015 to champion human rights work in Malaysia.

After being away from the corporate world for 6 years, her continued interest in the professional indemnity scheme led her to join JLT again from January 2016 heading the Medical Practitioners Indemnity department.

Dr Sean Ng

Managing Director

Ming Medical Sdn Bhd

Kuala Lumpur, Malaysia

Ms Shanthi Muraleesvaran
